* Graduation rate is calculated by dividing the number of graduates who complete the program within 150% of the program length by the total students available for graduation. Calculation excludes students who were unavailable for graduation due to: death, incarceration, active military service, the onset of a medical condition that prevented continued enrollment, and COVID.

* Employment rate is calculated by dividing the number of graduates employed in the field by the total number of graduates available for employment. Calculation excludes graduates who fall into one of the following categories: death, incarceration, active military services, medical condition, or international students ineligible for sustainable employment in the US post graduation

** Licensure/certification exam rates for programs where a governmental entity requires the attainment of a passing score in order to work in a particular field
